

# End of Genesys Support for Cassandra version 2.0 & prior versions

**End of Database Support Announcement**  
**January 31<sup>st</sup>, 2020**

# End of Database Support

Last Updated: [January 31<sup>st</sup>, 2020](#)

## Overview

As of [January 31<sup>st</sup>, 2020](#), Genesys announces the End of Platform Support for the Database System listed below:

Operating System	Release
Cassandra	2.0 and prior versions
End of Database Support Announcement	<a href="#">January 31<sup>st</sup>, 2020</a>
End of Database Support	<a href="#">June 30<sup>th</sup>, 2020</a>

## Details

This is a notice to all customers and partners that Genesys will stop supporting the **Cassandra version 2.0** database system for all Genesys products, effective **June 30<sup>th</sup>, 2020**. This means that if an issue arises after this date with any existing Genesys software version that relates to **Cassandra version 2.0**, Genesys will recommend that the customer migrate to a supported version of **Cassandra version 2.2 or higher**.

Please note that Genesys does not sell or provide maintenance for these products. Genesys support only refers to interoperability between these third-party products and Genesys products.

For further information on 3rd-party platforms supported by Genesys products, see the [Genesys Supported Operating Environment](#) reference manual.

## Major Versions

Genesys versions that are affected by this Database EOS announcement:

Versions of Genesys products affected
v7.6
v8.0
v8.1
v8.5
v9.0
All future versions

## Supplemental Information

Migration path: While Genesys still supports **Cassandra version 2.2**, and you are welcome to migrate to that version, Genesys strongly recommends that customers migrate to **Cassandra version 3.0** or higher to avoid frequent updates to their environment.

For details about **Cassandra version 2.0 & prior versions** End of Support, please visit [Apache Software Foundation](#).

## Frequently Asked Questions

### Why is end of support being announced for this version now?

- Answer: **Cassandra version 2.0 is no longer supported by the vendor.** This means that Cassandra version 2.0 software enhancements may not be guaranteed for any bug or security fixes.

This announcement provides advance notice, so customers have sufficient time to plan ahead for typically long enterprise upgrade cycles.

## Definitions

### End of Database Support Announcement Date

This is a general announcement for end of support for a third-party Database.

### End of Database Support Date

From this date onward, all Genesys Maintenance and Support obligations will cease interoperability with this database system on the vendor's platform. It may or may not correspond with the vendor's End of Support Date.
