## About This Software

Genesys Security Pack is the foundation for all Genesys-based secure connections between applications.

Genesys Security Pack enables you to configure secure connections between Genesys components that support the TLS protocol.

## New Features in 8.1.x

Genesys Security Pack 8.1.2 includes the following new feature:

- Support of an HTTPS connection for the Universal Routing Server without a client certificate

---

Genesys Security Pack 8.1.1 includes the following new features:

- Support of a new operating system
- Support of Federal Information Processing Standards (FIPS)

---

Genesys Security Pack 8.1.0 includes the following new features:

- Support of new operating systems
  - Support of IPv6
- 

## Directories on This CD

`security_pack`  
Contains the Genesys Security Pack installation files.

`documentation`  
Contains the ReadMe file, the graphics for the ReadMe, and the versions.html file.

## Documentation

Product documentation is provided on the [Technical Support website](#), the [Genesys Documentation wiki](#), and the Documentation Library DVD or the Developer Documentation CD that is shipped on request with your software.

Any information regarding this release that was discovered too late to be included in the documentation is available in the [Release Advisory](#).

In addition to an updated library of product documentation, the Genesys Technical Support website also contains product advisories that describe recently discovered issues related to Genesys products.

## Technical Support

### Contacting

Genesys provides technical support to customers worldwide with support centers in eastern Canada, the United Kingdom, Australia, India, and Japan. You can contact Genesys Technical Support by telephone, e-mail, or on the World Wide Web.

For complete information on how and when to contact Technical Support, read the [Genesys Care Program Guide](#). Please tell the Technical Support representative that you are a Genesys Security Pack customer.

### Licensing

Along with its software, Genesys supplies its customers with software licenses. Licenses manifest the customers' legal rights to use the features that Genesys software provides. To obtain the necessary product licenses, you will need to complete an order form, which has detailed information to assist you in placing an order. For complete information on obtaining licenses, refer to the [Genesys Licensing Guide](#) on the Technical Support website and the licensing section of the [Genesys Migration Guide](#).

### Supported Operating Environment Information

Information on supported hardware and third-party software is available on the Genesys Technical Support website in the following documents:

- [Genesys Supported Operating Environment Reference Guide](#)
- [Genesys Supported Media Interfaces Reference Manual](#)

## Your Responsibility for Your System

You are responsible for product administration and system security. Please prevent unauthorized access. Your system administrator should read all documents provided with this product to fully understand the features available that can reduce the risk of system damage. System damage or loss caused by unauthorized access is not covered by maintenance and support or a Genesys warranty. In addition, Genesys software is proprietary. Unauthorized access may lead to violations of your confidentiality obligations under your contract with Genesys.
