## **About Genesys**

Genesys Telecommunications Laboratories, Inc., a subsidiary of Alcatel, is 100% focused on software for call centers. Genesys recognizes that better interactions drive better business and build company reputations. Customer service solutions from Genesys deliver on this promise for Global 2000 enterprises, government organizations, and telecommunications service providers across 80 countries, directing more than 100 million customer interactions every day. Sophisticated routing and reporting across voice, e-mail, and Web channels ensure that customers are quickly connected to the best available resource—the first time. Genesys offers solutions for customer service, help desks, order desks, collections, outbound telesales and service, and workforce management. Visit [www.genesyslab.com](http://www.genesyslab.com) for more information.

Each product has its own documentation for online viewing at the Genesys Technical Support website or on the Documentation Library CD, which is available from Genesys upon request. For more information, contact your sales representative.
